

# IEEE/IET Electronic Library

IEEE *Xplore*<sup>®</sup> Digital Library Subscription Option

## Drive innovation with the most comprehensive collection from IEEE

Featuring content from IEEE, as well as the Institution of Engineering and Technology (IET), the IEEE/IET Electronic Library (IEL) contains almost one-third of the world's current literature in electrical engineering, communications and computer science. IEL provides access to technology's most trusted journals, conference proceedings and standards—giving you the research you need at an outstanding value.

## IEL delivers key benefits for researchers:

- **Drive new ideas**, designs and applications with cutting-edge research
- **Develop better solutions faster** by understanding the technology landscape
- **Stay ahead of new advancements** and benchmark competitor research
- **Increase productivity** by reviewing previous research so you don't reinvent the wheel
- **Accelerate innovation and patent development** with convenient access to proven research all in one place
- **Increase scholarly output** and new research development

## New IEEE Journals for 2011

Always at the forefront of technology, IEEE is adding three new journals in 2011:

- *IEEE Journal on Emerging and Selected Topics in Circuits and Systems*
- *IEEE Journal of Photovoltaics*
- *IEEE Transactions on Terahertz Science and Technology*

## IEEE/IET Electronic Library Quick Facts

Save time and money with convenient access to vital technology research:

Unlimited access to more than 2 million full-text documents

151 IEEE journal, magazine and transaction titles

25 IET journal and magazine titles

900+ IEEE conference titles

20+ IET conference and seminar digests

Over 2,100 approved and published IEEE standards, excluding drafts

Backfile to 1872 for select titles

Subscribing to all current IEEE and IET publications separately costs more than US\$600,000. **A typical IEL subscription includes more content for just a fraction of the price.**

**With pricing tailored to the needs of your organization—you can be sure you're getting the best value for your money.**

## Access respected technology research that generates results

IEEE *Xplore* includes **top-ranked journals and technology research that is cited in patents three times more than the nearest competitor.** With over 2 million full-text articles and papers, IEEE *Xplore* is your gateway to more than 30% of the world's current literature in electrical engineering, electronics and computer science.

## Find relevant research faster with powerful search tools

IEEE *Xplore* combines an easy-to-use interface with powerful search tools that make finding relevant research faster and more streamlined.

**Search:** Intelligent features such as convenient type-ahead, a functional search breadcrumb trail, and a "Refine/Expand Results" module lets you modify and find results easier than ever before.

**Personalize:** You can also personalize IEEE *Xplore* to create targeted saved searches and receive e-mail alerts or RSS feeds of new content updates.

## IEEE *Xplore* also provides:

- Basic, Advanced & Command search options
- IP and Shibboleth/Athens authentication
- INSPEC<sup>®</sup> abstract/citation and bibliographic records
- Persistent links (OPAC)
- Weekly content updates

## Get the latest research in a wide range of technologies:

- Aerospace and Defense
- Biometrics
- Computer Hardware and Software
- Electronics
- Medical Devices
- Nanotechnology
- Optics
- Power Engineering
- Robotics
- Semiconductors
- Telecommunications
- Wireless Technology and more!
